I accept the grant in the amount of

CHF 2200\*

which will be provided to me by the Swiss Confederation represented by the State Secretariat for Education, Research and Innovation (SERI) and the National Agency "Movetia" via the Swiss institution and undertake to

- only use the funding to cover the travel, living expenses and language preparation costs I incur in connection with the planned study trip abroad,
- agree the enclosed programme of study ("Learning Agreement for Studies") with my home and host universities before the start of the mobility. I am also aware that any changes to the programme of study originally agreed must be documented in an updated "Learning Agreement for Studies",
- write a report about studying at the host university ("final report") using the enclosed template,
- repay part or all of the grant if I do not start the stay abroad or return early, or if I breach the obligations stated in this declaration.

A pre-financing payment shall be made by the Swiss institution to the student representing between 70% and 100% of the grant stated above no later than (either or):

- 30 calendar days after the signature of this agreement
- shortly before the start or the start date of the mobility period [or upon receipt of confirmation of arrival by the beneficiary].

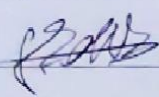

In case the participant did not provide the supporting documents in time, according to the home institution's timeline, a later payment of the pre-financing can be exceptionally accepted.

If the payment is lower than 100% of the maximum grant amount, the Swiss institution shall make the balance payment (either or):

- following the submission of the student's final report which can be considered as the beneficiary's request for payment
- shortly before the end of the mobility period.

The student notes that the home institution will process his/her personal data and the data generated during the stay abroad for mobility purposes. The student gives his/her consent for the home institution to forward these data to the host institution where necessary. In addition, he/she acknowledges that the home institution is required to forward the aforementioned data to "Movetia", the Swiss National Agency for Exchange and Mobility, to ensure proper implementation of the Swiss-European Mobility Programme SEMP. "Movetia" is mandated by the Swiss government to implement the SEMP.

Place, date: Bielanne, 10/09/2020

Signature of student: 

\* Five monthly lump sums are paid for one semester and ten monthly lump sums for two semesters, given that the recipient physically moves from the home institution to the host institution abroad. In the case of "blended mobility" (i.e. where part of the semester takes place virtually and part with a physical presence at the host institution), the grant is adjusted to the actual duration of stay in the host country. No grants of any kind are awarded in the case of virtual-only mobility.
